About me:

I am 27 years old. I work as a frontend developer. I like my profession, it is very interesting. Programming is not only a job for me, but also a hobby. I devote my free time to development, studying new technologies.

Skills:

- HTML, CSS (SASS/SCCC)
- JavaScript, React, Redux, Vue.js
- Git, GitHub, GitLab
- Gulp, Webpack

Code Example:

```
function uniqueInOrder(it) {
    var result = [];
    var last;
    for (var i = 0; i < it.length; i++) {
        if (it[i] !== last) {
            result.push(last = it[i]);
        }
    }
    return result
}
```

Projects:

- [These Are Movies](#) - movie and series website
  Tech stack: Vue.js, Vue router, Vuex, API
  [GitHub](#)
- currencyRate - exchange rate information site
  Tech stack: React, Redux, React router, Framer motion
  [GitHub](#)
- ToDo list
  Tech stack: React, Redux
  [GitHub](#)

Education:

- **Voronezh Institute of High Technologies**
  - Information systems and technologies
- **Udemy courses**
  - [Web-developer 2022](#)
  - [Full course JavaScript + React](#)

Languages:

- **Russian** - native
- **English** - elementary (A2)
